1. Applicant's request for continued examination (RCE) dated March 1, 2004 has been received and entered. Claims 1, 5, 11 and 12 are currently amended. Pending claims 1-12 in the application are in allowable condition.

### **EXAMINER'S AMENDMENT**

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Steve Noll on May 17, 2004. Accordingly, the amendment is as follows:

In claims 1-11, the phrase – "A magnetic resonance installation" – is deleted, and is replaced with the phrase – "An installation for a magnetic resonance apparatus" --.

### **REASONS FOR ALLOWANCE**

3. The following is an examiner's statement of reasons for allowance:

Claims 1-11 are allowed, as the prior art of record does not teach or suggests an installation for a magnetic resonance apparatus, comprising sound insulation disposed between the first component group and the second component group to divide the installation space into two portions of the space which are acoustically insulated from each other, in combination with the remaining limitations of the claims.

Claim 12 is allowed, as the prior art of record does not teach or suggest a method for installing a magnetic resonance apparatus comprising the steps of employing a sound insulation to divide an installation space into two portions of the

installation space, which are acoustically insulated from each other, in combination with the remaining limitations of the claim.

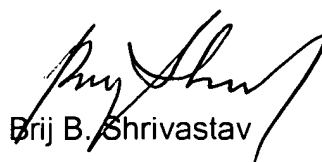

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
